ARTICLE 1 - GENERAL INFORMATION

ART 1.1 - SCOPE

As part of the Erasmus+ Mobility programme, the Traineeship project enables university students to have a traineeship abroad in companies, training centres, research centres or other organisations based in one of the following country groups.

- **The so-called Programme Countries group** includes: EU Member States, European Economic Area countries (Iceland, Liechtenstein, Norway), EU candidate countries (Turkey, Serbia and the Republic of North Macedonia);
- **The so-called Partner Countries group** includes: all countries in the world that do not belong to the Programme Countries group. NB United Kingdom and Switzerland are in this group. It is the responsibility of the candidates to inquire with the hosting entity on the modalities, costs and timing of obtaining the entry visa for internship in the country (if needed), and about any restrictions on entry into the country due to the Covid-19 emergency.

Students enrolled at UniTo, but not resident in Italy, cannot do their Mobility in an institution/university in their own country of residence. It is the student's responsibility to check if the University has the correct residence data.

**IMPORTANT!**

It should be noted that Mobility might be suspended, changed, interrupted or cancelled for security reasons should the Ministry of Foreign Affairs and International Cooperation advise against travel to the student's chosen destination. This also applies to the University of Turin having consulted parties involved. Students are advised to assess risks carefully concerning their Mobility abroad due to uncertainty around COVID-19 and understand the destination country’s safety measures.

Mobility is only available for students interested in doing a traineeship that is consistent with their course programme.

This Programme provides students with financial contribution to cover some of their costs during their abroad. Monthly grants allocated to the School of Agriculture and Veterinary Medicine, funded by the Erasmus+ National Agency INDIRE, the MUR (Ministry of University and Research) and the University of Turin (now referred to as UniTo), for Call 2023 will allocate:

- n. 32 **mobility grants lasting 2 months** for the Department of Agricultural, Forest and Food Sciences (DISAFA) of which 27 intended to Mobility towards Programme Countries and a maximum of 5 grants intended to mobility towards Partner Countries;
- a total number of **monthly grants** equal to n. 106 for **mobility grants lasting 2 or 3 months** (chosen by the applicant) for the Department of Veterinary Sciences (DSV) (divided proportionally among the degree programs in Veterinary Medicine, Production and management of domestic and wild animals, Doctoral School and Specialisation School) of
which 90 intended to Mobility towards Programme Countries and a maximum of 16 monthly grants intended to mobility towards Partner Countries.

Please note that the mobility grants to Partner Countries will be awarded to successful students until exhaustion by sending a letter of acceptance from the host institution to the Internationalisation Services Office (international.agrovet@unito.it ). An example of acceptance letter with the relevant data is available on the page of the SAMEV School website dedicated to Erasmus+ Traineeship.

ART. 1.2 - PARTICIPATION REQUIREMENTS

All UniTo students regularly enrolled (including part-time) in an undergraduate degree, postgraduate degree, 5-year postgraduate degree, or specialisation course from the School of Agriculture and Veterinary Medicine can apply for the Erasmus+ Traineeship call. UniTo PhD students correctly enrolled in a PhD programme can apply to this Call, provided that their coordinator is from one of the Departments of the School of Agriculture and Veterinary Medicine.

The Erasmus+ Programme allows students more than one Mobility experience for study and traineeship during their university career. Basically, any student can receive contributions for a maximum of 12 months for each study cycle, regardless of the number and type of Mobility (Erasmus+ per studies and/or Erasmus+ for Traineeship). Maximum Mobility for single cycle degrees is 24 months. Recent/new graduates are also eligible for the Erasmus+ for Traineeship Mobility programme.

Online Mobility, including online components of blended Mobility, is not included when calculating the number of maximum monthly payments for each study cycle.

Students meeting the following criteria can apply for Erasmus+ for Traineeship:

- First-, second- and third-cycle students who have already received an Erasmus+ grant, but still have two months (60 days) left for the study cycle which they intend to apply for;
- First, second and third-cycle students who have received or will receive an Erasmus+ per Studies grant in the same academic year, provided there is no - even partial - overlapping and that the total period does not exceed 12 months per Degree course (24 months for single-cycle Degrees).
- Undergraduate and/or post-doctoral students who intend doing their traineeship after graduating, provided they apply before their university course finishes. Mobility must begin once they have graduated and end within 12 months after graduating or no later than 31 July 2025. Months worked after graduating will count towards the number of months available for the study cycle during which the application was made.

At the time of application candidates must be enrolled in at least:
- the 2nd year of an undergraduate degree,
- the 3rd year of the 5-year postgraduate degree
- the 1st year of a postgraduate degree

Applicants must have an adequate knowledge of at least one foreign language that can be demonstrated by any of the following modes:
Language proficiency must be demonstrated, whenever possible, by documentation or certificates to be attached to the application necessarily before the deadline of the call for applications (e.g. certificate of university examinations, certificates of participation in mobility programmes for study/work, etc.).

ART. 1.3 - ORGANISATIONS HOSTING INTERNS

The hosting organisation could be an Erasmus Charter Institution for Higher Education or public or private organisation active in the labour market or in areas such as education, training and youth.

For example, the organisation could be:
- a small, medium or large public or private enterprise (including social enterprises);
- a local, regional or national public body;
- a professional or work representative, including Chambers of Commerce, craftspeople or professional associations and trade unions;
- a research institute;
- a foundation;
- a school/institute/educational centre (any level from pre-school to secondary education, including vocational and adult education);
- a non-profit organisation, association or NGO;
- a body for vocational guidance, career counselling and information services.

The traineeship must take place in one of the Countries eligible for this Call.

The following are not eligible as Erasmus+ for Traineeship host locations:
- EU institutions and other EU bodies including specialised agencies. See full list here: http://europa.eu/european-union/contact/institutions-bodies_en;
- organisations managing EU programmes, such as National Agencies (so as to avoid any conflicts of interest and/or double funding).

Successful students must identify an institution or a location autonomously, with which to finalize the traineeship project, and request the validation of the Learning Agreement for Traineeship to the Degree Programme Coordinator (Responsabili didattici per la mobilità internazionale dei CDS).

ART. 1.4 - DURATION OF THE TRAINEESHIP
The traineeship covered in this Call will last:
- 2 or 3 months, chosen by the candidate, for the Department of Veterinary Sciences;
- 2 months for the Department of Agricultural, Forest and Food Sciences.

The Erasmus Plus programme states that in-person Mobility lasting less than 2 months (60 days) is not valid unless the Erasmus+ National Agency INDIRE applies the force majeure clause. This is based on the programme’s counting methods: See National Agency Erasmus+ calculator available on the Erasmus Traineeship page - Documents.

Students will be able to do blended mobility by combining their Mobility abroad with online coursework, provided they meet Traineeship Mobility objectives agreed in the Learning Agreement for Traineeship and Mobility lasts a minimum of 60 days.

If necessary, students can have a break between online Mobility and Mobility abroad as long as the minimum duration of Mobility abroad is respected and everything is completed by 31/07/2024.

Should COVID-19 conditions not allow the participant to complete their Mobility abroad, some totally online Mobility coursework will be considered eligible for recognition. Totally online Mobility coursework can therefore be recognized in terms of CFU within the student’s career plan, if it is Type A - curricular traineeship or Type B – extra-curricular traineeship with supernumerary credit recognition.

Students should note that their grant will only be awarded while abroad for blended Mobility and no Mobility grant will be awarded for exclusively online Mobility. As provided for by the European Commission and the Erasmus+ National Agency INDIRE, students doing blended Mobility abroad must respect the minimum length of 2 months (60 days). Participants based in the host country and doing their coursework online will be entitled to the contribution as their Mobility will be considered Mobility abroad.

Students cannot start their Mobility before the eligible candidate list has been published and beneficiaries have accepted.

The mobility period may start on 1 January 2024 and must in any case end no later than 31 July 2025.

PLEASE NOTE: students cannot sit exams or graduate from the University of Turin during Mobility Erasmus+ for Traineeship.

ART. 1.5 - TYPES OF TRAINEESHIP

There are two types of Mobility in this Call:

A. CURRICULAR TRAINEESHIP:
- Traineeship worth credits (CFUs) necessary to graduate;
- Traineeship as part of a PhD or Specialisation School programme.

B. EXTRA-CURRICULAR TRAINEESHIP:
The type of Mobility (Type A or B) that students state in their application form is binding and must correspond to what they actually do during their Mobility, unless there are justifiable reasons otherwise.

ART. 1.6 – RECOGNISING THE EXPERIENCE

Erasmus+ for Traineeship is an educational traineeship experience and, as such, is governed by the Learning Agreement for Traineeship and the Degree Programme Coordinator (Responsabili didattici per la mobilità internazionale dei CDS), must approve its contents before the student leaves. This must be in accordance with the University Guidelines for recognising coursework while abroad.

- **Curricular traineeship**
  Mandatory traineeship activities will be worth credits (CFU), so applicants must check the availability of credits for Mandatory traineeships or credits of their choice in their career plan, before applying and in line with their course regulations.

The Erasmus+ Traineeship for curricular traineeship will be recorded as international Mobility in the Diploma Supplement.

PhD Mobility students are responsible for checking how to have their Mobility experience recognised as part of the doctoral programme and based on their course provisions.

**Department of Veterinary Sciences**

Recognition of credits is conditional on the presentation of a report on the activities carried out during the traineeship or of the traineeship booklet at the end of the mobility period, at the same time as the application for recognition of the credits.

Erasmus grant-winners enrolled on courses of study pertaining to the Department of Veterinary Science (DSV) who intend to undertake a curricular traineeship abroad may carry out, subject to the agreement defined in the Learning Agreement:

- for CLS Veterinary Medicine - V.O. students: practical activities only in the context of group I and group II clinical placements, and group II non-clinical placements (zootechnical disciplines; no inspection);

- for CLM Veterinary Medicine - N.O. students (cohorts prior to 2016 - old organisation of practical training): practical activity in the clinical area of the entire practical training (14 CFU - 350 hours) and the 16 CFU practical training (zootechnical disciplines; infectious and parasitic diseases; pathological anatomy);

- for CLM Veterinary Medicine - N.O. students (new organisation of placements from the 2016 cohort onwards): practical activities in the clinical field of placements (for a maximum of 15 CFU, of which 9 on pet animals and 6 on farm animals), in compliance with the skills envisaged by the portfolio and
training projects and propaedeuticities. It is also possible to carry out practical activities in the field of zootechnics and cadaveric diagnostics, again in compliance with the competences set out in the portfolio and training projects and propaedeuticities.

The credits related to the clinical traineeship that can be recognised correspond to:

- 2 CFU internal clinical internship 3rd year
- 5 CFU internal clinical placement 4th year
- 5 CFU internal clinical internship 5th year (excluding skill lab and professional knowledge)
- 3 CFU external clinical internship 5th year on small animals

Extra-curricular traineeship

This can be:

- recognised with surplus course credits (CFUs);
- without recognising training credits (CFUs), as with voluntary traineeships;
- completed as a recent graduate.

The Erasmus+ Traineeship for extra-curricular traineeship can be recorded as international Mobility in the Diploma Supplement.

Department of Veterinary Science

Recognition of extra credits is conditional on the submission of a report of the activities carried out during the traineeship or of the traineeship booklet at the end of the mobility period, at the same time as the application for recognition of the credits.

ARTICLE 2 - FINANCIAL CONTRIBUTIONS

Mobility financial contributions are funded by the Erasmus+ National Agency INDIRE, the MUR - Ministry of University and Research and/or the University of Turin.

Contributions consist of the following:

A. MONTHLY GRANT (EU amounts), paid to all students selected for an Erasmus Traineeship CALL 2023 Mobility, based on the COUNTRY OF DESTINATION and corresponding to the following amounts

<table>

</tr>
</tbody>
</table>
B. EXTRA MONTHLY CONTRIBUTION FOR PARTICIPANTS IN DISADVANTAGED ECONOMIC SITUATIONS and/or LESSER OPPORTUNITIES

The grant amount is based on the student's economic situation or condition as specified below and will be paid to students in at least one of the following conditions:

a. ISEE value up to €50,000.00, based on the following table/distribution:

<table>

b. a disability of 50% or more;
c. refugee status;
d. subsidiary protection status;
e. displaced person status;
f. careleavers' status (Article 1, paragraph 250, Law No. 205 of 2017);
g. children of disabled claimants, war orphans, the civilian blind, amputees and invalids of war, work and service, and their children;

For the purposes of this Call, students meeting conditions in Points b. and g. are considered to have fewer opportunities and are treated like students with an ISEE value of less than or equal to €13,000.
Consequently they will receive a grant of €450 per month and are eligible for any further grants due to those with an ISEE value of less than or equal to €13,000. The ISEE and/or ISEE Equivalent or GDP per capita PPP value is based on data the University holds for the academic year 2023/2024 and on the Fees and Contributions Regulations for the academic year 2023/2024. See the Fees and Contributions Regulations for the academic year 2023-24 - Annex A for GDP per capita PPP value.

Students who are exempt from or not required to pay the student contribution in accordance with article 3.3 or article 15 of the Academic Year Fees and Contributions Regulations, 2023/2024 and who are not an above-mentioned case for reduced opportunities, must request the ISEE/ISEE Equivalent valid for subsidised benefits for the right to university study for the year 2023 in order to access the additional contribution B. Alternatively, they can request the use of the GDP per capita PPP value, in accordance with the deadlines and methods set out in the Fees and Contributions Regulations 2023-24.

C. CONTRIBUTIONS FOR ‘SPECIAL NEEDS’. There is an additional EU contribution based on real costs for Mobility students with disabilities and special needs. Candidates can access this contribution by making a specific request based on methods and timing defined by Erasmus+ National Agency INDIRE. Students with a disability certificate should consult the University portal here: www.unito.it - International - Studying and working abroad - Erasmus+ - Erasmus+ for people with disabilities/special needs and contact the UNITA and International Mobility Office (internationalexchange@unito.it) for more details.

D. TRAVEL CONTRIBUTIONS. Two different types of contributions are available to support students’ travel expenses for the purposes of Erasmus+ Mobility as per Erasmus+ 2021/2027 programme Action 1 in order to make international Mobility inclusive and sustainable. Please note that the Erasmus+ 2021/2027 programme aims to encourage green transport, i.e. travel that emits a low level of Co₂ emissions (such as train, car sharing or bus).

In implementing the Erasmus 2021-2027 programme, the University of Turin recognises specific travel grants that can be accessed on an exclusive basis and, therefore, cannot be accumulated:

1) TYPE 1: TRAVEL GRANT is awarded to Erasmus Traineeship Call 2023 grant holders who do their Mobility in PARTNER COUNTRIES (excluding the Faroe Islands, Switzerland and United Kingdom) and who
   - have an ISEE value between 0 and €24,335.11 based on Ministerial Provisions defined values for the year 2023.
   and/or
   - meet at least one of the conditions required for being a student with fewer opportunities under points b., c., d., e., f., g. of Article 2 - B.

The TRAVEL GRANT:
   ❖ is a one-off amount paid for a return trip;
   ❖ varies based on EU level identified mileage bands and type of ("standard" or "green") journey, as detailed below:

1.1 'Standard' Travel Grant
For those who use **standard means of transport** (ie flights, etc.) to reach their Erasmus destination, based on the following table:

*The amount is set annually based on Ministerial Provisions

### 1.2 - 'Green' Travel Grant

It is awarded to those who choose to use **environmentally friendly means of transport** (such as train, car sharing or bus, etc.) in order to reach their Erasmus destination. Students must keep proof of their expenses as evidence of their green journey in order to access the "Green" Travel Grant. The UNITA and International Mobility Section will request supporting documents at the end of Mobility. The "Green" Travel Grant is made up as follows:

- **One-off travel contribution** depending on the mileage band as per the table below;
- a value corresponding to the daily amount related to the monthly grant (i.e. TYPE A/30days + possible TYPE B/30days= per diem amount due). This amount will be paid for each day the student travels “green” (both outward and return) needed to reach the destination and for a maximum of four days.

</tbody>
</table>
2) **TYPE 2: TOP UP TRAVEL GREEN**

**TOP UP Travel Green** is a travel grant for Erasmus Traineeship CALL 2023 Mobility grant holders who undertake a *green* trip in order to reach their destination and who do **NOT** receive the "TRAVEL GRANT" grants mentioned in Type 1.

The **TOP UP Travel Green** contribution is provided for distances up to 4,000 km and consists of the following:

- One-off travel contribution of €50.00;
- A value corresponding to the daily amount related to the monthly grant (i.e. TYPE A/30days + possible TYPE B/30days= per day amount due). This amount will be paid for each day of *green* travel (both outward and return) necessary to reach the destination and for a maximum of four days.

The **TOP-UP Travel Green**:
- is recognised when the student’s Erasmus Mobility finishes;
- is paid upon presentation of proof of expenses incurred during the actual *green* travel and time needed to reach the destination.

</tbody>
</table>

**ART. 3 – PAYMENT METHODS AND TIMING**

Contributions are paid into the Participant’s Italian or European bank account in their name provided they have signed the Mobility agreement which is regulated as follows:

- **First payment** consisting of:
  - 100% of TYPE A - monthly grant, by destination country;
  - 100% of TYPE B – extra monthly contribution for participants in disadvantaged economic situations and/or with fewer opportunities, if applicable
  - 100% of TYPE D - Type 1.1 "Standard Travel Grant", if applicable;  

The first payment will be based on when the international Mobility agreement is received, duly completed and signed by the participant. It will be around the 25th day of the month if the UNITA and International Mobility Office receives the agreement before the first working day of the same month. If it is received after the 2nd working day, payment will take place after the 25th day of the following month. This does not apply to the months of August, December or January when payments are made the following month.
The following will be paid once a student has made a *green trip* to reach the Erasmus destination, Mobility has ended and the Erasmus Traineeship administrative procedure has closed, and the student has presented and checked the supporting documents’ eligibility in certifying the actual "green trip":

- the portion, if any, relating to the difference between the amount of the Standard Travel Grant already paid and the amount due under the Green Travel Grant

or

- the 'Travel Green' TOP-UP.

Contributions received are subject to TOTAL OR PARTIAL RETURN should:

- students refuse Mobility (refund of full amount);
- student fail to submit their Learning Agreement for Traineeship - "After Mobility" certifying actual period of Mobility (refund of full amount);
- Mobility abroad be less than the mandatory minimum period of 60 days (refund of full amount), unless due to *force majeure* recognised by INDIRE, the National Agency Erasmus Plus applies.
- less time be spent abroad than approved in the Agreement (refund of an amount corresponding to the number of days not spent abroad);

Participants in disadvantaged economic situations (Mobility Type B) will have to return their supplementary contribution within 90 days of concluding their Mobility for a mandatory traineeship (Mobility Type A) if their credits cannot be recognised for reasons attributable to them.

No contribution will be recognised/assigned for the online part of blended or entirely online Mobility. If the participant spends part of their Mobility abroad (blended), they could however receive the contribution for that time.

**ARTICLE 4 - APPLICATIONS**

Candidates can only submit one application under this Call. Candidates must indicate the type of Mobility they would like to do on their application, whether curricular traineeship (Type A) or extra-curricular traineeship (Type B). Students must apply via this form available on the SAMEV School website.

The application must be accompanied by:
- valid identity document;
- language proficiency certificates or other documentation, if any;
- certificates attesting a period of study, stay or work abroad, if any;
- RESERVED to 1st-year Postgraduate degree students, PhD students and Specialization School students:
  Self-certification degree with exams of the previous study cycle (or Degree Certificate/Transcript of Records in case of foreign qualification).

The deadline for submitting applications is **November 13th, 2023, at 1 pm.**
ARTICLE 5 - SELECTING CANDIDATES

ARTICLE 5.1 - SELECTION CRITERIA

The SAMEV School will appoint a special Commission to assess the applications.

Applicants are only eligible if they meet the criteria in Article 1.2, based on their university career record up until 01/10/2023.

The Commission adopts the following selection criteria:

- for students enrolled for the following years: number of credits acquired in relation to the number of credits expected for each year of the programme and weighted average of the marks registered by 1/10/2023, following this formula: (ratio CFU acquired/CFU expected at 1/10/2023) * weighted average of the marks registered by 1/10/2023;
- for students enrolled to the 1st year of a postgraduate degree programme: Bachelor’s degree grade or average mark obtained during the Bachelor programme in case no grade is available (foreign titles);
- for PhD students and Specialisation School students: Master’s degree grade or average mark obtained during the Master programme in case no grade is available (foreign titles);
- knowledge of declared or certified foreign languages;
- motivation to do the traineeship, individual training project and its relevance to the candidate’s Degree course;

In the event of equal score, priority will be given to those enrolled in the last years of the courses; in the event of a further equal score, to the younger age of the candidate(s).

Candidates who completed an international mobility University programme including Erasmus+ Study, Erasmus+ Traineeship, Double Degree, etc.) in the academic year 2022/2023 and whose coursework abroad has not yet been recognised when this Call was published can expect No. 5 CFUs per month for each month of Mobility (rounded up); the weighted average of their grades currently registered in the student’s career plan or their Undergraduate degree grade will be considered if they are a first year Postgraduate degree student.

ARTICLE 5.2 - SELECTION RESULTS

Two different rankings will be drawn up, one for each Department. The rankings will be published on the SAMEV School website starting from 06/12/2023.

ART. 5.3 - ACCEPTANCE, REFUSAL AND CLEARANCE

Successful candidates have 5 calendar days to accept or refuse their Mobility grant starting the day after the eligible candidate list has been published by sending an e-mail to the Internationalisation Services Office (international.agrovet@unito.it).
Successful candidates who do not accept the Erasmus+ for Traineeship Mobility within the set deadlines will be automatically excluded from the eligible candidate list, and if they have no justifiable reason, will lose all rights to Mobility.

Should candidates refuse their Mobility grant, the eligible candidate lists will consequently be adjusted in accordance with the constraints provided for Mobility to Programme Countries and Partner Countries (see Art. 1).

Eligible students may benefit from more funding should it become available, and this is based on the eligible candidate lists in this Call.

Successful candidates must complete the administrative procedures for Erasmus+ for Traineeship Mobility before leaving.

ARTICLE 6 - INSURANCE

Mobility students have the same civil liability and accident insurance coverage as University students, throughout their stay abroad and during the course.

When applying, the applicant declares:

- they have checked the Ministry of Foreign Affairs and International Cooperation website (www.viaggiaresicuri.it) for information regarding safety and health at the student’s Mobility destination abroad;
- they have checked the UniTo website - Insurance (www.unito.it/universita-e-lavoro/tutela-e-assistenza/assicurazioni) for information concerning UniTo insurance policies for third party liability and accident coverage during traineeships abroad;
- they are aware that UniTo policies (third party liability and accidents) guarantee coverage for the insured person(s) within policy limits and only during Mobility activities within the time and logistic limits defined in their training project;
- they will not hold responsible UniTo, their Department and associated offices of any liability should they suffer damage occurring outside the time and logistics limits, and activities not directly linked to their Mobility.

Consequently, winners of this Call are advised to consider taking out a suitable insurance policy to cover their time abroad (including outside Mobility) and expenses for medical and hospital care.

The National Health Service usually provides basic health insurance coverage through the European Health Insurance Card (EHIC) for Mobility students going to EU Member States, Iceland, Liechtenstein, Norway and Switzerland. However, European Health Insurance Card coverage may not be sufficient, especially if the student has to come home or needs specific medical care. Private supplementary insurance is therefore recommended for those travelling to these countries. Non-EU winner(s) do not enjoy similar health cover outside Italy even if they have EHIC and so should also take out private health insurance.

Mobility students travelling to countries other than those mentioned are required to find out about the host country’s health insurance requirements and take out adequate private insurance that meets official local requirements to cover specific medical care.

The Participant must also check local restrictions or provisions in relation to possible emergency situations.
It should be noted that Mobility might be suspended, changed, interrupted or cancelled for safety reasons should the Ministry of Foreign Affairs and International Cooperation advise against travel to the student’s chosen destination. This also applies to the University of Turin having consulted parties involved. Students are advised to assess risks carefully concerning their Mobility abroad due to uncertainty around COVID-19 and understand the destination country’s safety measures. Please note that departures are always subject to the host organisation accepting.

Turin, 13/10/2023

The Director
Prof. Ezio Ferroglio
PRIVACY STATEMENT PURSUANT TO ARTICLES 13 AND 14 OF THE GENERAL DATA PROTECTION REGULATION (EU REGULATION 679/2016 AND COUNCIL REGULATION OF 27 APRIL 2016)

The University of Turin would like to emphasise that Erasmus+ for Traineeship Mobility candidates’ personal data acquired upon application or any specific method of collection will be processed in the course of its teaching and research activities. This is in compliance with general principles of lawfulness, correctness, transparency, limitation of scope and retention, data minimisation, accuracy, integrity, confidentiality and accountability according to the personal data protection code and University regulations implementing the code and sensitive and judicial data. See www.unito.it, “Statute and Regulations”, “Regulations: procedures”.

As part of the principle of transparency, the following information is available to make students aware of data processing characteristics and methods and pursuant to Art. 13 of EU Regulation 2016/679 (hereinafter referred to as GDPR):

(a) Data controller and contact details
The Data Controller is the University of Turin, in the person of its pro-tempore legal representative (Magnifico Rettore) with registered offices in Via Verdi 8 - 10124 Turin (contact details: pec address: ateneo@pec.unito.it - email address: rettore@unito.it - telephone 011 6706111).

(b) Data Protection Officer (DPO) contact details
The Data Protection Officer (DPO) can be contacted at this address: rpd@unito.it.

(c) Purpose of processing and legal basis
Processing a data subject’s personal data is done in the public interest or as part of an authority’s obligations under Article 6(1)(e) EU Regulation 2016/679 for the following purposes:

i. managing student’s career path (from enrolment to graduation) including sending relative communication and storing and archiving all documents concerning the Erasmus experience;
ii. managing traineeships;
iii. statistical surveys and both aggregate and anonymous historical and scientific research;
iv. consultancy and support to students in need;
v. managing support for students with disabilities or specific learning disabilities;
vi. University communications for administrative, educational and research purposes (eg, reporting seminars, events and conferences);
vii. providing facilities, grants and study awards and other services related to the right to university study.

Following on from 7) and in accordance with GDPR Article 14, the University applies discounts on student fees and so acquires student ISEEU values, household member numbers and any information students provide in their DSU (right to university study) application. This is only if it is relevant for this purpose, and will be taken directly from the INPS database as per D.P.C.M. 5 December 2013, No.159.
This data will be published in the "Transparent Administration" section and University portal when the eligible candidate list is published and in accordance with Transparency D.Lgs 33 dated 2013 consolidated text.

For the above-mentioned processing purposes and in specific situations, special categories of personal data such as data relating to criminal convictions and offences or related security measures may be collected and processed pursuant to Article 10 of the GDPR.

d) Types of data processed

The personal data collected and processed by the Controller for the above-mentioned purposes includes:

- personal data;
- contact details;
- ISEE/ISEE equivalent value/GDP per capita PPP data
- academic career data

The Controller collects and processes personal data of a particular category as per Article 9 EU Regulation No. 2016/679 for the above-mentioned purposes, i.e.:

- health-related data regarding support special needs Mobility.

e) Providing data

Students must provide the required data as part of the assessment process for applying to the Erasmus+ for Traineeship Mobility Call. Students who don’t provide such data will not be admitted to the Mobility selection and cannot complete the necessary procedure.

f) Processing methods

Processing personal data will be done both manually and digitally guaranteeing the security and confidentiality of such data.

In order to achieve this, data is processed in the University of Turin by technicians who are authorised to process it under the Controller’s responsibility, and who have been adequately informed and trained for this purpose.

g) External Data Processors

The data may also be communicated and processed externally by third party providers of certain services necessary for the performance of the processing, who act on behalf of the Data Controller for the sole purpose of the requested service and who are duly appointed "Data Processors" pursuant to Article 28 of EU Regulation 2016/679.

h) Categories of recipients of personal data

Personal data will be shared with the following categories, in accordance with current regulations:

1) Ministry of University and Research – MUR;
2) INDIRE, National Erasmus+ Agency;

Data processed for the purposes set out above will be shared with or accessible to teaching staff, employees or collaborators assigned to the University’s relevant offices, who, as data protection contact persons and/or system administrators and/or authorised processors, will be adequately trained by the Data Controller for this purpose.

i) Transferring data to a third country
The University appoints third party suppliers known as External Managers for some of the above-mentioned institutional purposes, for example, Google for Education which is recognised an as appropriate guarantee measure whose services include transferring personal data to a non-European country via Google’s "cloud" solutions. See the University website’s Privacy Section on Google's Privacy and Security policies.

i) Data retention
Students’ personal data concerning their University careers (eg, personal data, qualifications, intermediate and final test results, rankings, reports, etc.) will be kept for unlimited periods in order to comply with requests for certificates and checks, in compliance with current legislation archiving obligations.
The University will keep students’ contact details (telephone, personal email) for the period necessary to achieve the purposes they were collected for and, after which, they will no longer use them.
l) Data rights
Where applicable, data subjects (those whose data has been collected) can claim their personal data rights as per Articles 15-21 of EU Regulation 2016/679, against the University of Turin by sending a specific request with the subject: "privacy rights" to the Director of the SAMEV School at the following e-mail address: direzione.samev@unito.it.

m) Complaints
The data subject has the right to lodge a complaint with the supervisory authority and can appeal to the Data Protection Authority (website: www.garanteprivacy.it).

n) Profiling
The data controller does not use automated processes for profiling.
